

## SMD - Snap-on Caps

The Snap-on Caps are made in gfr Polyamide PA66 of type eg7 (RTI long-range temperature +120° C.)

Special materials – e.g. irradiated cross-linked – and designs on request, dimensions in mm/*inch*.

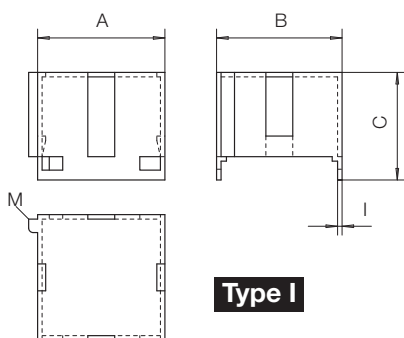

The spring-action Snap-on Cap allows quick assembly of the coilformers and the cores in their correct positioning. The caps have openings at the sides which allows additional glueing. They have a smooth top and can be used for pick-and-place.

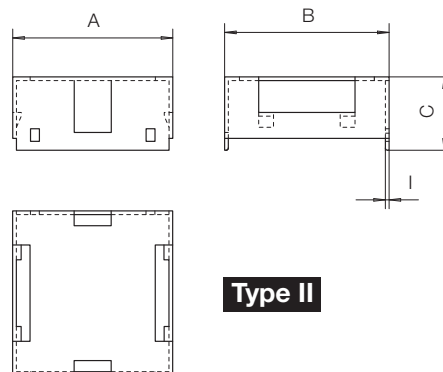

When ordering please quote type and order-code.
