

## Boxes, Specials

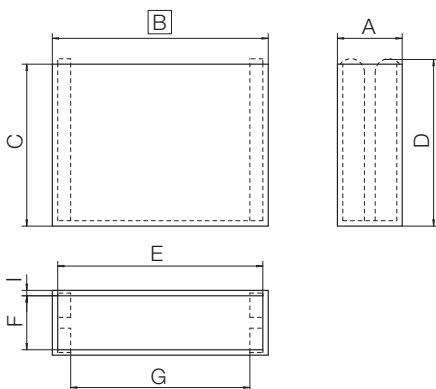

The boxes are made in gfr Polyamide PA66 of type p6g (RTI long-range temperature +125 °C) and gfr Polybutylene Terephthalate PBT of type pcg (RTI long-range temperature +130 °C).

Special materials and designs on request, dimensions in mm/inch.

The potting boxes can be used to your individual requirements. In particular they are suitable for potting electrical components such as circuits on pcbs.
