Our fair team

Our fair team will assist you with your personal trade fair planning. We value personal conversations and the exchange of experience to make our products even better and adapt them to your individual needs. We look forward to meeting you at our booth:

- **Anita Schneider** (12. and 13.11.2024)
- **Lilli Viktoria Weiner** (14. and 15.11.2024)
- **Dirk Säger** (12. and 13.11.2024)
- **Peter Weiner** (12. – 15.11.2024)
- **René Weiner** (14. and 15.11.2024)

In recent years, all series have been continuously developed and therefore more extensive. The goal was and is always to adapt the components to the individual requirements of the various industries. New materials are also available to reduce CO2 emissions.

We would be pleased to explain these developments to you and give you an insight into the development processes.

- **EE/M** coilformers with extended creepage distances
- **PQ** and **EQ** coilformers
- **ETD** and **EER** coilformers
- **Housings** for various applications
- **3D printing** with assembly for prototypes and small series

Furthermore we are looking forward to supporting you and realizing **your innovations** and **your own product developments**.
