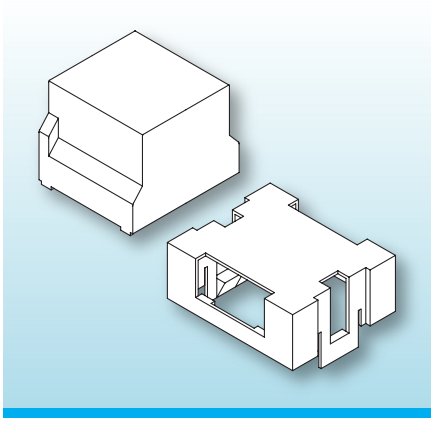
Snap-on Potting Boxes FVG

The Snap-on Potting Boxes are made in gfr Polyamide PA66 of type A RV250 nat. (RTI long-range temperature +100° C).
They are assembled with the wound coilformer and the pair of ferrite cores. “Noses” at the inside of the boxes ensure correct positioning and pressure on the ferrite cores.

When ordering please quote type and order-code.



Snap-on Caps FG

The Snap-on Caps are made in gfr Polyamide PA66 of type eg7 (RTI long-range temperature +120° C). The spring action snap-on caps allow quick assembly of the coil-formers and the ferrite cores in their correct positioning. “Noses” at the inside ensure safe pressure onto the cores. The caps have openings at the sides which allows additional glueing if required.
