

H-RG SMD Potting Boxes (LP)

The potting boxes (LP) are made in gfr Polyphenylene Sulfide PPS of type torA504 (RTI long-range temperature +130°C) and are suitable for reflow soldering. Special materials – e.g. irradiated cross-linked – and designs on request, dimensions in mm/*inch*.

The potting boxes have no metal terminals. Wires are connected to plastic feet, which have a V-shaped slot for wrapping. The binding-on points of the wires provide the eventual connection to the pcb. These soldering points should be brushed blank before positioning onto the pcb.

Type

Potting Box: H-RG 9.0/9.0/7.1/6LP/3.81/torA504

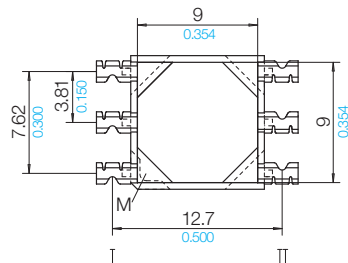

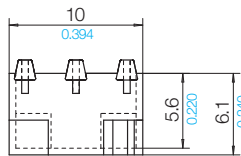

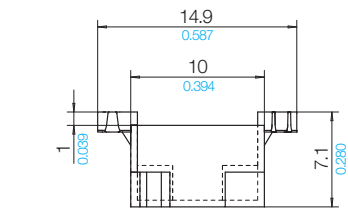

Order-Code

N0359-132 

Accessories

wound toroidal core

diameter Ø 9.0/Ø 0.354
width 5.6/0.220
