

EI, UI Coilformers

The coilformers are made in gr Polyamide PA66 of type p6g (RTI long-range temperature +125 °C). Pin material is tin bronze, tinned and tag material is brass, tinned. Maximum solder temperature 350 °C, 2 sec. (Special materials and designs on request, dimensions in mm/*inch*).

Due to their designs with different connection systems (press-fit pins, bent over pins, soldertags, etc.) the coilformer-versions allow radial as well as axial binding on of the wires, matching your individual fields of application.

We are about to draw up a catalogue of this extensive series step by step – you will find the latest survey of available components on our homepage. For special designs and dimensions as well as available accessories please contact our technical specialists.

Type	Order-Code	Accessories
Coilformer: EJ 42/1k/2-8/5.0-ik/p6g	05330-024	Potting Box EJ 42/vlc
Coilformer: EJ 42/2k/2-8/5.0-ik/p6g	05331-024	
Solder-pin: h813/ua	73499-212	
Solder-pin: z810/ua	73296-212
